Our story

Crafted with precision engineering, HAPA.Design faucets transcend the ordinary, embodying a perfect blend of sophistication and durability. Whether it's the smooth operation of the handles or the flawless finish, our faucets are designed to exceed your expectations, to last and to offer unparalleled resilience against everyday wear and tear.

The alignment of our solutions – Each faucet is meticulously tailored to enhance the quality of our customers lives, seamlessly integrating with modern lifestyles and addressing evolving needs.

The stewardship of our practices – Our commitment to sustainability is woven into every facet of our production process, prioritizing minimizing our ecological footprint and nurturing environmental well-being. We envision our faucets as enduring companions in people's lives, conceived with a profound respect for nature and a dedication to preserving our planet's ecological legacy for generations to come.

A sustainable and remaining legacy

Who we are

Drawing upon extensive industrial expertise in faucet development and production, our product range is crafted and designed in Portugal, boasting a remarkable versatility that seamlessly aligns with diverse environments and preferences.

HAPA.Design is a manufacturer and pioneering brand that was created to unbalance the market in favor of customers and the planet. We orchestrate the entire journey – from conceptualization and manufacturing to timely delivery from our factory to our customers.

We are unwaveringly committed to significantly reducing the ecological footprint, prioritizing both customer satisfaction and the planet, since we believe that beauty should never compromise sustainability: Nature leads the way, we just help.

Redefining the Art of Living

We create, we design, we produce, we deliver. Directly from the factory.

Commitment to sustainability

We recognize that the health of our environment is paramount to the quality of life we all enjoy. That's why every product we craft is infused with a deep respect for nature and a commitment to preserving its beauty for generations to come.

We recognize a shared responsibility to nurture water, the planet, and the future. Operating with eco-responsibility, we craft products devoted to enhanced water management and conservation, ensuring a sustainable footprint for generations to come.

By nurturing and protecting our environment, we're not just creating products – we're shaping a sustainable future. From the materials we source to the manufacturing processes we employ, every decision is made with the utmost care and consideration for the delicate balance of our ecosystems.
